# THE BOOKING

**1** Start by sharing a few details about yourself, your partner and your wedding plans. Don't worry about having everything figured out — just tell me what you can. The more I know, the better I can tailor my support to you.

Once your form is submitted, I'll then reach out personally to chat about your ideas, answer any questions, and share how I can help make your day unforgettable.

**2** During the consultation, this is where we discuss the big plans and what you need from me.

After our call, I'll put together a personalised quote where you'll have a clear picture of what I will be responsible for and how everything will come together, giving you the confidence to make informed decisions. From here, it's entirely up to you whether you'd like to move forward — no obligations, just clarity, inspiration and a roadmap for your perfect day.

**3** Once you're ready to go ahead, the fun really begins! Each package will have different needs and communication styles but I am always on hand for little questions and late night inspo pics.
